

Center for Landscape Dynamics Spring 2022 Graduate Research Award

The Center for Landscape Dynamics at The Pennsylvania State University is seeking to support innovative activities by graduate students in landscape dynamics. Thematic areas of interest include projects that address spatial and temporal dynamics of landscape change, with consideration of ecological and/or social factors. Anticipated support of \$500-\$750 can be used to support social or environmental research relevant to landscape-scale decision-making (for example, University authorized travel, laboratory fees, survey analysis, software), and/or related impact activities (for example, conference participation, outreach, workshops).

Awardees will be expected to present their work to the CLD community and share information about the project on the CLD website.

Eligibility: Proposals will be accepted from the College of Earth and Mineral Sciences. Proposals will be accepted for non-EMS students if students' home departments, colleges (or research institutes) provide matching funds.

Proposal Requirements (single-spaced, 12 pt font):

- Name, Email Address, Major, Campus, Project Title, Advisor
- Project description (<500 words)
- Application to landscape management issues and anticipation of outreach activity (<250 words)
- Brief letter of support from faculty advisor (emailed separately to smithwick@psu.edu)
- Name of any collaborating partner(s)/agencies, if applicable.
- Timeline
- Budget and budget justification that includes a brief description of fund expenditures

For non-EMS students

- Email to smithwick@psu.edu to confirm match commitment from either advisor, department head, or similar, including contact information for budget administrator to help process the request.
- Justification how the research benefits EMS either via research, collaborative networks, or outreach (<100 words)

Timeline: Proposals due by **5pm, Tuesday, March 29th**. All materials should be submitted to smithwick@psu.edu. Please include 2022 CLD GRADUATE RESEARCH AWARD in the email subject line.
